### **Effective Sunday April 8, 2018**

St. Cloud Utilities will be temporarily shutting down the reclaim water distribution on Sunday mornings at 11 a.m. to Monday nights at 10 p.m., when no watering is permitted by the City's Irrigation Schedule. This will help us conserve water and recharge the reservoir. This will remain in effect until the reservoir is recharged and consumption is consistently reduced.

If you have any questions about this schedule, please contact our office, 407-957-7344. Additionally, the University of Florida Osceola County Extension's Florida Yards and Neighborhoods Program is available to assist with water conservation and questions about your irrigation system. Their phone number is (321) 697-3000.
